Our Story

In September 2025, Luke and Alex proudly took over The Fox Pub & Kitchen with a simple idea, to create a pub that feels like it belongs to everyone.

It was clear from the beginning that The Fox has always been a big part of the local community, with many memories made here over the years. We wanted to build on that history, welcoming all generations through our doors and creating a place where new memories can be made too.

As parents of three children, we know how important it is to have somewhere relaxed, welcoming and family friendly, where everyone can enjoy spending time together. That's why we've made it our aim to create a pub where families can enjoy a meal, friends can catch up, and the local community can come together.

Our menu has been created with that in mind. From proper pub classics and homemade favourites to something a little different, there's something for everyone to enjoy, whether you're joining us for a quick bite, a family meal or a catch-up lunch with friends.

Throughout the year, our events, live music and family days are all about bringing people together and continuing the story of The Fox.

Because this isn't just our pub.

It's your pub, your kitchen and your community
